Live and learn in a city fit for both the urban enthusiast and the outdoor adventurer

As a student, you will quickly get to know the best places to hang out with your friends, work part-time, shop for bargains, and enjoy the outdoors.

Sudbury is northern Ontario’s centre for:
- Shopping
- Entertainment and nightlife
- Comedy, film, music, and food festivals
- Culinary experiences – everything from Canadian home cooking to Asian restaurants to European bakeries
- Arts and culture
- Education and health services

Four seasons of outdoor fun:
- 300 lakes for beaches, boating, skating, and ice fishing
- 35 trails and conservation areas for hiking, cross-country skiing, snowshoeing, and snowmobiling
- Skiing and snowboarding at Adanac Ski Hill
- Golf and disc golf courses
- 4 provincial parks in the area for camping and day trips

Learn more about Sudbury at cambriancollege.ca/explore-sudbury
Live just steps away from your classes

No buses, traffic, or long treks! Our residences are located on campus and offer a fun, safe, and convenient way to balance studying and socializing.

The perks
- You’re only a few steps away from class (about 650 steps actually)
- Roomies! But lots of privacy with your own bedroom
- High-energy residence life team
- Cable, Internet, lounges, laundry room, kitchen spaces... all the comforts of home

Within walking distance to:

The Glenn Crombie Centre for Student Support

For more than 20 years, Cambrian has been a leader in accessibility, wellness, and counselling services.

If you’ve ever been diagnosed with a disability or experienced learning difficulties, our caring experts in The Glenn Crombie Centre for Student Support can help you with:
- Accommodations
- Assesments
- Assistive technology
- Learning supports
- and more!

The Centre also provides academic advising, short-term personal counselling (in-person and online), specialized orientation programs, and student workshops to help you succeed.

cambriancollege.ca/accessibility

Fully-accessible spaces:
- Washrooms
- Personal care rooms
- Kitchen facilities
- Computer lab
- Student lounge
We’ll make sure you’re job-ready

As a student and graduate, our Career Centre is your hub for all things related to your career success – on-the-job training required to complete your program, job opportunities, and more.

Find part-time work during the school year
Keep tabs on our online job board for opportunities on campus and at local businesses year round.

Land a co-op or field placement
Our staff keep connected with employers to help you find co-op and placement opportunities.

Launch your career
As a graduate, you will always have access to Career Centre services. So whether you need support to get that first full-time job, or need assistance years down the line, our doors will be open to you.

Meet employers on campus
We host northern Ontario’s largest career and job fair each year on campus, giving you the chance to meet hundreds of employers in-person from across the north. cambriancollege.ca/careercentre

Your ultimate resource for:
- Finding on- and off-campus jobs
- Co-op and placement support
- Résumé and cover letter prep
- Mock interviews
- Career exploration

As a student, you’ll also have access to:
- Student success advising
- Online, peer, and staff tutoring
- First Generation Advising Program
- Financial aid advising
- Dental clinic
- Professional Clothing Depot
- Three student governments
More than $600,000 in scholarships and bursaries!

All you need is a bit of time and an Internet connection to get access to more than 700 scholarships and bursaries with a combined value of more than $600,000.

cambriancollege.ca/ccr
General Arts and Science
In this completely customizable certificate program, you’ll work with one of our educational planners to choose courses and build your timetable based on your academic and personal goals. You’ll have the flexibility to explore a variety of career options or to focus your studies in a particular area to prepare for other college programs.

General Arts and Science – College Exploration
Earn a certificate or diploma through a timetable tailored to meet your academic and career interests. Take courses for one semester and bridge to another program, or complete four semesters and earn a diploma in General Arts and Science.

General Arts and Science – English for Academic Purposes
Improve your English speaking, reading, listening, and writing skills to prepare for a college program. This flexible learning program consists of four levels that combine classroom activities with academic workshops and off-campus excursions to immerse you in the English language and Canadian culture.

Pre-Health Sciences Pathway to Advanced Diplomas and Degrees
Missing an admission requirement or need to improve your grades for prerequisite courses to gain admission into a limited enrolment Health Sciences or Nursing program? This program will enhance your knowledge and skills in English, math, and science. You will also choose electives to ensure you have all of the program admission requirements to apply to your program of choice.

Pre-Trades/Technology
Not sure which trades or technology career you want to pursue, or missing a prerequisite? This program is a great first step to explore career and program options and to learn the basic fundamentals of work safety, measuring instruments, and hand/power tools. Class projects, such as small engine repair, combined with practical courses in technology, math, English, and computers provide a strong foundation for your college program of choice.

Upgrading/Academic and Career Entrance Certificate
This free program allows you to upgrade your skills at your own pace and earn your Academic and Career Entrance Certificate, which is widely recognized as an equivalent to a grade 12 Ontario high school diploma.

Contact us directly to apply to this program:
Sudbury – (705) 566-8101, extension 7712
Espanola – (705) 869-4113
Little Current – (705) 363-3194

This program is the preferred designated preparatory program for admission to Cambrian’s Health Sciences and Nursing programs.
Flexible study options
All of our business programs offer a mix of in-class and online learning options. Browse cambriancollege.ca/businessflex to learn more. Also, Cambrian and the five other colleges in northern Ontario have teamed up to offer virtual delivery of various business programs. Choose this option to join classes as they are happening and to have the opportunity to interact with students and professors from across the north. Visit cambriancollege.ca/nccp for program offerings and details.

Business Fundamentals/Business/Business – Administration
Take that first step towards a career in business and get a first-hand look at accounting, human resources, finance, and marketing. Study on campus or online for one year to earn a certificate, two years to earn a diploma, or three years to earn an advanced diploma.

Business Accounting/Business Administration – Accounting
Choose either our two-year diploma or three-year advanced diploma program to specialize in accounting to earn credits towards a professional designation: Advanced Certificate in Accounting and Finance or Certified Aboriginal Financial Management. Our three-year program comes with a 7- or 8-week placement in the field, giving you the perspective and connections you will need to kick-start your career.

Public Relations
In a world where good communication and a positive reputation are keys to success, career opportunities for public relations professionals in all types and sizes of organizations are endless. Learn the skills necessary to develop and implement communications strategies, lead corporate communications and media relations, manage communications in a crisis, and plan corporate events. Add just one more year to your studies to earn a Communications degree at Laurentian University in Sudbury.

Learn more about university pathways on p.44
See p.38 for additional program details and requirements
Earn a certificate in Indigenous Studies
Complete four Indigenous studies courses, and when you graduate, you’ll be awarded a certificate of specialization, along with your diploma.

Child and Youth Care
Gain the skills to work with children and adolescents experiencing personal, social, and relationship issues. Our program features a condensed delivery format, allowing you to earn a three-year diploma in only two years, with the option to gain additional certificates. Cambrian is the first of three colleges in Canada to receive national accreditation from the Child and Youth Care Educational Accreditation Board (CYCEAB).

Developmental Services Worker
Imagine a career where you can counsel, assist, and support people with special needs as their care providers. With the largest number of block field placements of any college in Ontario, we ensure you have many opportunities to put your classroom learning into action. You can also earn certification in Non-violent Crisis Intervention. Want to study from home? Choose the alternate delivery option to either join classes in real-time or learn 100% online.

Early Childhood Education
Help children start their learning journey off on the right foot by providing them with interactive classroom experiences that build their skills in reading, writing, math, and more. Our program features a simulation daycare lab and 600 placement hours in the community to give you the right combination of in-class learning and hands-on training in real-world settings. Already working in the field and want to become a Registered ECE? Choose the alternate delivery option to continue working while you earn your diploma.

Social Service Worker/Indigenous Specialization
Follow a career path that allows you to support vulnerable or at-risk individuals, families, and groups of all ages in dealing with personal and social issues. Through a combination of theoretical learning and fieldwork, you will develop the skills to lead counselling sessions, manage case work, conduct interventions, and recommend actions for positive change. Choose the Indigenous Specialization option to focus your studies on social service delivery that is culturally aware and respectful of the realities facing Indigenous peoples.
Animation
Under the guidance of industry professionals, you'll build the skills to bring animated stories to life for TV, film, and the digital world. You will develop a portfolio of 2D and 3D work, storyboards, characters, and short films, which will be shared within the local arts community and with industry representatives from the Greater Toronto Area. Our program is based on Sheridan College’s renowned curriculum.

Art and Design Fundamentals/Design and Visual Arts
Use your creative talents to experiment with various styles and diverse media to develop your own personalized portfolio of work. Build foundational skills in the 8-month Fundamentals program, or take a two-year journey in Design and Visual Arts to hone your skills in one of four media specializations. You’ll work with local artists and have your creations displayed at installations and galleries, while you learn first-hand about the business of art.

Graphic Design
Working with digital and print media under the keen eye of award-winning professionals in class and during a field placement, you will be on your way to becoming a professional graphic designer with the ability to use colour, text, and images to produce creative visual communications. You will also have the opportunity to showcase your work on campus and attend the DesignThinkers Conference in Toronto.

Independent Music Production
Learn the skills needed to compose, record, edit, and produce music on computer-based platforms. This one-year program will help you fine-tune your studio-based skills and enhance your performance capabilities on your instrument of choice. You’ll be prepared to pursue a career in recording and composition within the competitive music industry.

Music – Performance
Cambrian’s industry-focused classical music program is the only one of its kind in Ontario and prepares you for success in both the art and business of the music world. You’ll receive weekly one-on-one training on a major instrument and a minor instrument and showcase your talents in performances throughout each year. Our program will also give you the skills to teach music, along with the skills to market, promote, and manage yourself or other musicians.

CREATIVE ARTS, DESIGN, and MUSIC
Paramedic
Be the first responder in life-or-death situations. With hands-on classroom learning and placements in hospitals and ambulance services, you’ll learn how to care for sick and injured people of all ages on-the-scene and as they are being transported to hospital.

The physical fitness components of the program will also ensure your fitness level meets professional standards when you graduate.

Pre-service Firefighter Education and Training
Take your first step toward a career that will turn you into a superhero in your community. This three-semester program includes intense testing in simulated and controlled live fire scenarios. Graduates are eligible to write the OFM Provincial Firefighter test, and upon successful completion of this test can apply for standing under NFPA 1001 as Firefighter Level I and II from the Proboard.

Feel the burn
Our Pre-services Firefighter program includes intense testing in simulated and controlled live fire scenarios.

Top-notch Training
For 13 consecutive years, 100% of our paramedic graduates have passed their provincial certification exam and launched their careers across Ontario.

EMERGENCY SERVICES
Environmental Technician

Turn your passion for environmental protection and climate change issues into a rewarding career. Learn to identify, measure, and record environmental elements within the air, water, soil, and living organisms to evaluate and monitor the health of the natural environment.

Mining Engineering Technician/Technology

Mining is a high-tech industry in which mining technicians and technologists play a key role in mine development and day-to-day operations. Our programs prepare you to tackle projects in surveying, computer-based design and drawing skills, mine design, environmental studies, geological fieldwork, ventilation, and ground control through industry-experienced faculty and field experiences, including a 10-day mining camp.

Power Engineering Technician/Technology

Operation and maintenance of industrial plants that use boiler and refrigeration systems, including power generation plants, are the domain of the certified power operating engineer. This profession is highly-regulated, and at Cambrian you have the opportunity to achieve the 2nd Class Operating Engineer level of training in our very own 2nd Class power plant training facility.

Technician or technology – which to choose?

Most of our programs give you the option to choose your level of training. Gain foundational skills in a two-year technician program, or opt for deeper experience and training with a three-year technology program.

Chemical Engineering Technology

Imagine a career working in a laboratory environment working on environmental sustainability, developing the next generation of medications, or developing new and improved fuels. Hands-on learning in our labs combined with two co-ops set you up for exciting careers in all of these fields and more.

Civil Engineering Technician/Technology

Have a hand in the design, construction, and maintenance of the infrastructure we all rely on – roads, bridges, municipal planning and services, and more. Our nationally-accredited program will arm you with leading-edge surveying practices, computer-based design and drawing skills, a solid theoretical background in key civil engineering applications, as well as an understanding of the impact projects can have on the natural environment.

Electrical Techniques/Electrical Engineering Technician/Technology

Our electrical programs are modeled after the Basic Electrical Apprenticeship and prepare you to install, troubleshoot, and maintain complex electrical systems in industrial operations. Learn the foundations of this trade and earn a certificate, or take the Technician- or Technology-level program to broaden your knowledge and career opportunities. Co-op Diploma Apprenticeship option is available (see p.34 for more info).

Environmental Technician

Turn your passion for environmental protection and climate change issues into a rewarding career. Learn to identify, measure, and record environmental elements within the air, water, soil, and living organisms to evaluate and monitor the health of the natural environment.

Mining Engineering Technician/Technology

Mining is a high-tech industry in which mining technicians and technologists play a key role in mine development and day-to-day operations. Our programs prepare you to tackle projects in surveying, computer-based design and drawing skills, mine design, environmental studies, geological fieldwork, ventilation, and ground control through industry-experienced faculty and field experiences, including a 10-day mining camp.

Power Engineering Technician/Technology

Operation and maintenance of industrial plants that use boiler and refrigeration systems, including power generation plants, are the domain of the certified power operating engineer. This profession is highly-regulated, and at Cambrian you have the opportunity to achieve the 2nd Class Operating Engineer level of training in our very own 2nd Class power plant training facility.

DINGSHENG ZHOU
Chemical Engineering Technology

Imagine a career working in a laboratory environment working on environmental sustainability, developing the next generation of medications, or developing new and improved fuels. Hands-on learning in our labs combined with two co-ops set you up for exciting careers in all of these fields and more.
In just eight months, you will be prepared to help clients with health and personal care needs, whether at home or in hospitals, long-term care facilities, or other community settings. Graduates may be eligible for advanced standing in Cambrian’s Practical Nursing program.

As a registered practical nurse (RPN), you will treat and monitor patients and help to make recommendations for their care.

As a registered nurse (RN), you will be a graduate of our Bachelor of Science in Nursing degree program and become part of frontline health care teams with a higher level of responsibility for patient care. You’ll also have the option to pursue roles in specialized nursing care units and management. Our degree program is delivered in collaboration with Laurentian University.

Learn the skills necessary to help people live active, healthy lives. With a focus on physical fitness, wellness, and business, our program sets you on the path to numerous career possibilities – personal training, managing active programs/facilities, teaching, and more. You will also graduate with certifications from the Ontario Fitness Council.
Network Technician
Do you have a passion for exploring the inner workings of digital technology and enjoy learning new computer applications? Pursue a career in networking by gaining the skills to troubleshoot, diagnose, and repair digital hardware and software. Our program offers 400 hours of hands-on lab training over two years, making you job-ready for technician, administrator, and customer support roles within IT teams.

Computer Systems Technology
Our three-year program gives you that extra level of expertise in supporting digital networks for all types and sizes of organizations. You will follow the Network Technician courses for four semesters, then in your third year, you’ll gain knowledge and experience in cybersecurity, firewalls, and project management. Throughout the program, you’ll complete 700 hours of hands-on training, along with a six-week placement, and you can also apply to work part-time in our lab as a mentor to other students.

Built-in prep for industry certifications
Cambrian is an authorized Cisco Systems Networking Academy and Microsoft IT Academy. We build industry certification training into our curriculum, saving you time and money while giving you the opportunity to challenge Microsoft and Cisco certification exams when you graduate.

Provincial and national award-winning students
Since 2005, Cambrian IT students have competed at the Ontario and Canada Skills Competitions, winning 16 provincial and 7 national medals.

Built-in prep for industry certifications
Cambrian is an authorized Cisco Systems Networking Academy and Microsoft IT Academy. We build industry certification training into our curriculum, saving you time and money while giving you the opportunity to challenge Microsoft and Cisco certification exams when you graduate.
Community and Justice Services

Correctional officer is just one career path you’ll be ready to start once you’ve got the knowledge and perspective of the justice system and what’s required to serve within it. Your studies will kick-off with a three-day training trip at Wendigo Lake where you’ll earn a certificate in facilitation. Your hands-on learning will continue throughout each semester and feature tours of facilities, role-playing scenarios in our mock jail cells, and a 10-week placement.

Corporate Safety and Security/Protection, Security, and Investigation

Security and surveillance professionals keep spaces and organizations safe – entertainment venues, industrial operations, and retail outlets, to name a few. In our Corporate Safety and Security program, you’ll learn to conduct effective patrols, manage movement of people and vehicles, use electronic security equipment, and conduct investigations.

To dive deeper into criminology, sociology, psychology, and the criminal justice system, take the two-year Protection, Security, and Investigation program, and you’ll be on track to wider career options in security guard or private investigation firms, police services, the Canadian Forces, provincial ministries, and more.

Police Foundations

Prepare for a distinguished career in law enforcement. With a combination of in-class assignments, police force training, guest speakers, scenario training, fitness components, and community work – our faculty of former and current law enforcement officers will ensure you are ready to pursue a career in any level of local, provincial, or federal law enforcement.

Additional certifications built into your program

Most of our law and justice programs give you the opportunity to earn one or more certificates such as Mental Health First Aid, Non-violent Crisis Intervention, and Suicide Intervention, giving you additional skills that will prepare you for your career and will look great on your résumé.
Carpentry Renovation Techniques
Whether you want to tackle new buildings or renovation projects, in just 36 weeks you’ll be ready for entry-level positions in the construction industry. You’ll develop practical construction skills through hands-on activities while also gaining a basic understanding of how to plan, estimate, manage, and deliver a typical renovation project.

Heating, Ventilation, and Air Conditioning Technician
Become certified to work on residential and industrial heating and cooling systems after getting hands-on experience in our state-of-the-art lab. Our program is accredited by the Technical Standards and Safety Authority (TSSA) and prepares you to write the Level 2 and 3 Natural Gas Technician and Oil Burner Certification exams.

Heavy Equipment Technician/Motive Power Technician – Truck and Coach
Want to work on big engines and machines? Heavy Equipment Technician gives you the skills and knowledge to work on industrial mobile equipment, while Truck and Coach gives you specialized skills in servicing and maintaining buses and large trucks. Complete the program that’s best for you, or take both to earn two diplomas in three years.

Industrial Mechanical Millwright Technician
Become a generalist in the troubleshooting and repair of all types of industrial equipment. In our millwright shop, you’ll develop a broad set of electrical, mechanical, and instrumentation skills you can put to use on complex industrial mechanical machinery.

Mechanical Technician – Manufacturing and Machining
Working on modern, industry-standard equipment in our shops, you’ll develop specialized problem-solving and hands-on skills to produce parts for products and machines using a variety of automated machining tools.

Motive Power Technician – Service and Management (Automotive)
Be the go-to person in the automotive shop. You will learn to work on a wide range of gas-powered, diesel-powered, and hybrid vehicles, spending half of your time perfecting your hands-on skills in our working garage. Along the way, you will also earn certificates such as your Ozone Depletion Prevention Card.

Powerline Technician
Get real-world experience installing and maintaining power grid systems year-round in our outdoor powerline field located on campus. Our partnership with the Infrastructure Health and Safety Association also allows you to take required industry certificate courses prior to beginning your co-op.

Welding and Fabrication Technician
Working in the College’s welding lab, you will take metal fabrication projects from the engineering drawing stage through cutting and forming processes to the welding and inspection phase. You will also have unique opportunities to put your welding skills into practice by working on real community and applied research projects.

SKILLS and TRADES TRAINING

Obtain the in-school theory requirements of your apprenticeship
Where available, choose the Co-op Diploma Apprenticeship option for your program to complete the in-school requirements of your apprenticeship and to get a jump start on your apprenticeship hours by the time you graduate. See p.43 for details.

Our trades students are made of medals
Our students compete—and win—each year at the Skills Ontario Competition. Over the past 13 years, we’ve built a collection of 57 provincial and national medals.

Interested in a trade but not sure where to start?
Check out our Pre-Trades/Technology program on p.17.

Program Essentials

Here is an overview of all our full-time programs, including how long you’ll study, what you need to get in, and what you’ll walk away with. For full admission requirement details, please visit cambriancollege.ca/programs.

ADMISSION TO ALL PROGRAMS REQUIRE: An Ontario Secondary School Diploma (30 credits), or equivalent, or mature student status unless indicated otherwise.

LEGEND

 Accredited/Endorsed The program meets all of the approved educational standards and criteria set by the profession’s regulatory association.

 On-the-Job Experience The program has a placement, co-op, practicum, or preceptorship component, or a co-op diploma apprenticeship option is available.

 Fall 2018 Admission Benchmarks The benchmark displayed represents the average of the prerequisites for that program and the minimum score that was required to be granted an offer of admission in Fall 2018.

 Limited Enrolment The program is considered highly competitive, which means that there are more qualified applicants for the program than there are seats available. In order to be considered for admission, you must apply by February 1, 2019. After this date, seats may be filled and applications to the program may be closed.

 Capped The program has a limited number of seats available. You are strongly encouraged to apply by February 1, 2019. After this date, seats may be filled and applications to the program may be closed.

cambriancollege.ca/programs
For more information, see p.26 or cambriancollege.ca/engineering

For more information, see p.28 or cambriancollege.ca/health

**Program Name**

- **Chemical Engineering Technology** (DENA)  7 semesters  Capped

- **Civil Engineering Technician (CVTN)**  4 semesters  Diploma

- **Electrical Techniques (IETG)**  2 semesters  Certificate Capped

- **Environmental Technician (BVTN)**  5 semesters  Capped

- **Mining Engineering Technician (WVTN)**  4 semesters  Diploma

- **Power Engineering Technician (PWVTN)**  4 semesters  Diploma Capped

- **Power Engineering Technology (PWTY)**  7 semesters  Advanced Diploma Capped

**Requirements**

- English 12 or Math 12 or Physics 11 or Chemistry 11 or 12 or MCT4C math

**Additional Information**

- Water and wastewater operator
- Water quality analyst
- Researcher at chemical companies
- Process control operator
- Lab technician in mineral processing, petrochemical, nuclear energy, and food processing industries

- Consulting engineering firms
- Government departments
- Municipal engineering departments
- Construction firms
- Manufacturing organizations
- Railroads
- Utilities in all areas of the country
- Inspection/testing companies

- Contractors
- Utility companies
- Fabrication facilities
- Maintenance departments
- Mining operations

- Environmental consultant for consulting firms specializing in environmental monitoring or rehabilitation
- Lab technician
- Field test technician
- Natural resource technician

- Mine engineering offices
- Mine production
- Mineral resources exploration
- Operations of surface or underground mines
- Specialized in ground control, slope exploration, mine ventilation, safety, and geology

- Mine engineering technician for mine engineering offices and government agencies
- Specialized in rock mechanics, mine ventilation, or safety
- Supervisor of mine production

- TSSA-certified 3rd Class operating engineer in:
  - Hospitals
  - Pulp and paper mills
  - Electrical generation plants

**Career Opportunities**

- Registered nurse in:
  - Hospitals
  - Long-term care residences
- Health care agencies
- Pursue masters and doctoral studies to prepare for work as an educator, clinical expert, and/or researcher

- Dental assisting in dental offices
- Educational institutions
- Public health units
- Clinics
- Hospitals
- Canadian Forces

- Ultrasonography technician in:
  - Hospitals
  - Medical clinics
  - Private industry

- Personal support worker in:
  - Community settings
  - Long-term care facilities
  - Hospital settings
  - Graduates may be eligible for advanced standing in Cambrian’s one-year Diagnostic Imaging (MRI) graduate certificate program

- Recreational director
- Sports and health services consultant
- Personal trainer
- Exercise therapist
- Health and fitness club manager

- Registered practical nurse in hospitals, community agencies, and long-term care facilities

**Program Name**

- **Bachelor of Science in Nursing (BSNC)**

- **Dental Assisting (Levels I and II) (SEFA)**

- **Dental Hygiene (DVNG)**

- **Diagnostic Medical Sonography - Ultrasonography (DVSG)**

- **Medical Laboratory Technology (MVLY)**

- **Medical Radiation Technology (MVPG)**

- **Personal Support Worker (PSW)**

- **Physical Fitness Management (FSL)**

- **Practical Nursing (PVNP)**

**Requirements**

- English 12
- Math 12
- Chemistry 11 or 12

**Additional Information**

- Fall 2018 admission benchmark: 76.3%

**Career Opportunities**

- Fall 2018 admission benchmark: 70.1%

- Fall 2018 admission benchmark: 75%
Information Technology

Program Name | Requirements | Additional Information | Career Opportunities
---|---|---|---
Computer Systems Technology (CETY) | 6 semesters  Advanced Diploma |  English 12  Math 12 | Network administrator  Project manager  Product support technician  Network security specialist  Helpdesk support  System administrator  Technical sales

Network Technician (NETN) | 4 semesters  Diploma |  English 12  Math 12 | Network administrator  Helpdesk support  Graduates can enter the third year of Cambrian's Computer Systems Technology program

Law and Justice

Program Name | Requirements | Additional Information | Career Opportunities
---|---|---|---
Community and Justice Services (CJS) | 4 semesters  Diploma |  English 12  | Various positions in: Private and non-profit community organizations  Open and secure custody settings for youth  Restraint for adult offenders  Ministry of Children and Youth Services  Ministry of Community Safety and Correctional Services  Correctional officer in federal and provincial institutions

Corporate Safety and Security (CSSP) | 2 semesters  Certificate |  English 12  | Various security-related positions with: Security guard firms or private investigation firms  Casinos  Various provincial ministries

Police Foundations (PFP) | 4 semesters  Diploma |  English 12  Math 11 | Youth worker  Military police  Private investigator  Insurance investigator  Municipal, provincial, or federal police officer  Customs and excise officer

Protection, Security, and Investigation (PSI) | 4 semesters  Diploma |  English 12  | Various security- and investigation-related positions with: Various provincial ministries and the Canadian Forces  Security guard firms or private investigation firms  Public police services (such as OPP)  Canada Customs

Skills and Trades Training

Program Name | Requirements | Additional Information | Career Opportunities
---|---|---|---
Carpentry Renovation Techniques (CRTG) | 3 semesters  Certificate  Capped |  English 12  Math 11 | Entry-level positions in the construction industry

Heating, Ventilation, and Air Conditioning Technician (HVNT) | 4 semesters  Diploma  Capped |  English 12  Math 11 | Maintenance personnel in commercial, institutional, and industrial areas  Appraiser in the refrigeration or plumbing and heating industry  Heating technician in natural gas, propane, and oil burner fields  Sales representative

Heavy Equipment Technician (HETN) | 4 semesters  Diploma  Capped |  English 12  Math 11 | Apprentice mechanic in the forestry, mining, and construction industries  Technician for the manufacturing of heavy equipment

Industrial Mechanical Millwright Technician (MMTN) | 4 semesters  Diploma  Capped |  English 12  Math 11 | Apprentice industrial mechanical-millwright in a variety of industries including: Mining  Petroleum-chemical  Manufacturing  Steel  Pharmaceutical  Automotive  Sewage and water treatment plants

Mechanical Technician - Manufacturing/Machining (IMTN) | 4 semesters  Diploma  Capped |  English 12  Math 11 | Machinist  Tool and die maker  Machine operator  Entry-level CAD designer

Motive Power Technician - Service and Management (Automotive) (MVNT) | 4 semesters  Diploma  Capped |  English 12  Math 11 | General automotive service technician  Specialized technician  Service advisor/consultant  Automotive parts/rental salesperson  Manufacturing/flushing/custom work employee

Motive Power Technician - Truck and Coach (TCTN) | 4 semesters  Diploma  Capped |  English 12  Math 11 | Apprentice truck and coach technician in the trucking industry or a technician in related truck component overhaul shops

Powerline Technician (PLTN) | 4 semesters  Diploma  Limited enrolment |  English 12  Math 12  | Powerline technician in: Engineering companies  Equipment suppliers  Contractors  Utility companies

Welding and Fabrication Technician (WFTN) | 4 semesters  Diploma  Capped |  English 12  Math 11 | Apprentice welder in: Steel fabrication plants  Manufacturing plants  Shipyards  Heavy equipment shops  Pulp and paper mills

The Co-op Diploma Apprenticeship program is available for all Skills and Trades Training programs except Carpentry Renovation Techniques and Heating, Ventilation, and Air Conditioning Technician.
Learning never stops

When you graduate, consider these options to specialize your skills and/or add a degree to your résumé.

Pursue a Related Diploma or Certificate
Cross-train in Cambrian programs that offer common courses in related fields of study, and you may be able to fast-track your way through a related diploma or certificate.

Add a Degree
Take advantage of Cambrian’s 750+ university pathways to earn a complementary degree in as little as one year, including many degree opportunities in Sudbury at Laurentian University.

Degree pathways at universities in Canada and around the world are available for all of Cambrian’s diploma and advanced diploma programs.

cambriancollege.ca/pathways

ADD A GRADUATE CERTIFICATE
Earn a graduate certificate in as little as 8-12 months to branch out into something new or gain advanced expertise and experience in your field.

• Advanced Care Paramedic (APPD)
• Business Analytics (BAPG)
• Community and Health Services Navigation (CHSN)
• Crime Analytics (CAGC)
• Environmental Monitoring and Impact Assessment (EMPD)
• Health Analytics (HAGC)
• Human Resources Management (HMPD)
• International Business Management (IBGC)
• IT Business Analysis (BAGC)
• Magnetic Resonance Imaging (MRIP)
• Mobile Application Development (MAPD)
• Organization Management (MOGC)
• Project Management (PMPD)
• Public Relations (PRPD)

FEBRUARY 1 EQUAL CONSIDERATION DATE – Applications received on or before this date are given equal consideration. Offers to open enrolment programs will start going out to applicants on this date. Applications received after this date are considered on a first-come, first-served basis, providing there is still space available. This deadline is particularly important if you are applying to a limited enrolment or capped enrolment program.

Key Deadlines for Programs Starting Fall 2019

**College Information Program**
September 24 – October 26, 2018

**Aboriginal Postsecondary Information Program**
September 17 – November 2, 2018

**Ontario College Information Fair**
October 23, 5 – 9 p.m.
October 24, 9 a.m. – 2 p.m.
Enercare Centre, Toronto

**We’re coming to see you**

We'll also be visiting various high schools and communities across Ontario throughout the year.

**Visit us on campus**

**Sudbury College Information Program**
October 10, 2018
6-8 p.m.

**Year-Round Campus Tours**
Weekdays at 1 p.m.
(additional times available)
Let us know you are coming by registering online at cambriancollege.ca/book-a-tour

**Fall Open House**
November 3, 2018
10 a.m. – 2 p.m.

**Spring Open House**
April 6, 2019
10 a.m. – 2 p.m.

**See cambriancollege.ca/deadlines for Important dates for January and May programs.**

**EARLY TO MID-FEBRUARY** – Offers to all programs will start going out to applicants.

**MAY 1** – Confirm your acceptance by this date to ensure your seat is saved in your program of choice.

**JUNE 15** – You must pay a non-refundable $500 term deposit by this date to hold your seat in your program.
