Position Summary:

Cambrian College’s School of Business and Information Technology requires part-time Professors to teach in the Project Management graduate certificate program beginning in May 2020.

The successful applicants will teach in one or more of the following courses:

- **Agile Project Management** – (PRM1008) – (3 hours per week): Students will become proficient in the Agile method of managing projects. In addition, students will gain an understanding of how the tools and applications of Agile differ from the tools and applications used in the conventional waterfall methodology. Students will also become familiar with how Agile focuses on the early delivery of value, and how it drives continuous improvement of the project outcomes, processes, and team inputs, to name a few. Students will be applying the Agile concepts using a set of forms and reports so they can readily apply these practices to their real-world projects.

- **Project Procurement and Cont. Management** – (PRM1006) – (3 hours per week): Students will become proficient in project procurement and control by integrating project procurement management into their project management practices. Students will learn how proper procurement is needed to purchase or acquire the products, services, or results needed to complete the project, which exists outside the project team. Students will understand how to properly plan for procurement, conduct procurements, and control these procurements, as there can be significant legal obligations and penalties if done incorrectly. Students will be applying project procurement management concepts using a set of forms and reports so they can readily apply the practices described in the PMBOK® Guide to their real-world projects.

- **Project Stakeholder Management** – (PRM1007) – (3 hours per week): Students will become proficient in project planning and control by integrating project stakeholder management into their project management practices. Students will learn how proper planning must consider stakeholder management, which is the process of identifying the people, groups, or organizations that could impact, or be impacted by the project. Students will understand how to properly identify stakeholders, plan for an engagement with these stakeholders, manage the engagement, and monitor these stakeholder engagements to ensure project success. A key output in this course will be the development of processes that manage stakeholder’s expectations throughout the project lifecycle. Students will be applying project stakeholder management concepts using a set of forms and reports, so they can readily apply the practices described in the PMBOK® Guide, to their real-world projects.

Qualifications:

Required:

- Three-year postsecondary diploma or degree, preferably in Business, Project Communications Management, Information Technology, or Commerce, must have PMP or CAPM Certification. *(A copy of educational documents must be submitted with application.)*

- Five years relevant work experience in project management.

- Excellent interpersonal skills and superior oral and written communication skills.

- Ability to be an effective role model in the classroom.

- Ability to utilize creative teaching approaches as well as current and emerging teaching and learning strategies to enhance student progress.

- Possess good organizational skills and sound computer software skills.

- Ability to function within a team environment.
Additional Assets/Preferred:
- Previous teaching experience at the postsecondary level.

CANDIDATES MUST PROVIDE A COPY OF THE FOLLOWING WITH APPLICATION:
- Postsecondary diploma or degree.
- Copy of PMP or CAPM designation.

All candidates may be required to undergo a mini-teaching simulation during the interview process.

Interested individuals may apply, by email only, with a cover letter quoting the competition number, and a résumé, detailing education and experience, to:

Human Resources Department  
Email: humanresources@cambriancollege.ca

While all responses are appreciated, only those applicants who will be invited for an interview will be contacted.

As a condition of employment, successful applicants will be required to produce proof that they are presently eligible to work in Ontario in accordance with Canadian law. Where such proof is proof of temporary eligibility to work in Ontario, continued employment is, at all times, subject to maintaining ongoing eligibility to work in Ontario in accordance with Canadian law.

Cambrian College is committed to creating an accessible, inclusive, and diverse workforce. We welcome applications from all qualified individuals, including; women; persons with disabilities; racialized peoples; Indigenous people; and persons of any sexual orientation or gender identity and expression. All who may contribute to the further diversification of ideas and the College environment are encouraged to apply.
