### Graduates

A student's grade point average is calculated on a cumulative basis for the period of time he or she is in a program. A student who, at the time of graduation, achieves a program grade point average of 3.50 to 4.00 out of a possible 4.00 is designated a Cambrian "SCHOLAR," while one who achieves a program grade point average of 3.00 to 3.49 is recorded as having passed with "HONOURS." A "PROVISIONAL" graduate is a student who will have completed all of the requirements for graduation within a short period after the Convocation ceremony. Successful completion of the requirements will confirm his or her status as a 2020 graduate.

### **Graduates**

A student's grade point average is calculated on a cumulative basis for the period of time he or she is in a program. A student who, at the time of graduation, achieves a program grade point average of 3.50 to 4.00 out of a possible 4.00 is designated a Cambrian "SCHOLAR," while one who achieves a program grade point average of 3.00 to 3.49 is recorded as having passed with "HONOURS." A "PROVISIONAL" graduate is a student who will have completed all of the requirements for graduation within a short period after the Convocation ceremony. Successful completion of the requirements will confirm his or her status as a 2020 graduate.
